

“Pecatonica Paddle”

Saturday, May 27th @ 10 a.m.

(Rain date - May 28)

Help keep the Pecatonica River a Source of Pride and a fun destination for all!

Invasive species are a major threat to Wisconsin’s wetlands and waterways. What you do locally can make a difference in preventing their spread.

Pecatonica Pride and Southwest Badger RC&D are seeking interested and adventuresome folks to enjoy a paddle on the beautiful Pecatonica River. Participants will learn to identify aquatic invasive species such as Purple loosestrife, Rusty crayfish, Japanese hop, how they and degrade our precious river resources, and what can be done about it.

Canoes (Aluminium or Fiberglass) with safety vests will be available to rent at \$15 each or you may bring your own canoe/kayak.

Event Location: Meeting location is at River Road Boat Landing. We will paddle down to Argyle (approximately 2 1/2 hours). All participants should RSVP at the number below. In the event of inclement weather the rain date will be May 28th. Same time, same location.

For more information and to RSVP, please contact Don Barrette, Aquatic Invasive Species Coordinator at don.barrette@swbadger.org, or leave a message at (608) 348-7110. Please include your name, e-mail, phone #, the number in your party, and whether or not you want to rent a canoe.

Sponsored by: Pecatonica Pride Producer-led Watershed Association and Southwest Badger Resource, Conservation and Development Council with funding from Wisconsin Department of Natural Resources, Surface Water division.
